

SENATOR NORRIS ATTACKS

GERMAN PEACE TREATY

TO CONCLUDE TREATY

enate Agrees to Spend More
Time on Pact Starting
Next Week.

WASHINGTON, Oct. 10.—All of the time set aside by the senate today for consideration of the peace treaty was taken up by Senator Norris, Republican of Nebraska with a three hour attack on the Shantung settlement and half an hour's reading of the printed text.

When the Nebraska senator started for a moment, with his speech only two-thirds thru, Republican Leader Lodge gave him a breathing spell by suggesting that the senate shift to the reading. Senator Norris will conclude tomorrow.

Senator Lodge also may speak, and the senate will meet an hour earlier than usual in the hope of speeding up the treaty considera-

The agreement for eleven clock opening was taken to indicate that the senate will begin next week to put in a longer working day with the hope of hearing away the big speech of the pig premium. The suggestion of Senator Lodge the senate so adopted an agreement to take up the Shantung amendments on Wednesday, but this does not mean that they will be considered under the five minute rule. The timing of the senate may be nearer than it was yesterday. Senators explained that this procedure would enable the body to revert to the section embracing the Shantung provision as the reading by Wednesday may be headed off by the majority of members to keep on speaking that day and thereafter they will have

Senator Norris, speaking ex-
temporaneously which is quite
different from the plan followed
by most of his colleagues was
particularly severe in denouncing
the award of Shantung to Japan.
There was no hope he declared of
that province being back under
the Chinese flag once it is taken
over by Japan under the peace
conference settlement which he
characterized as the outrage of
the age.

He charged that the American
people "had been coerced in some
uses" to subscribe to loans to
support this government which
as lending money to Great

There was only a brief reference to the league of nations during the "morning hour" the time for filling the record with documents endorsing and condemning it. Only a few of these documents went in but some senators have explained that if they understood to print everything bearing on the league from people in all parts of the country there should be a little room in the record for anything else.

Britain's ratification of the German peace treaty was completed yesterday by King George. The document has been dispatched to Paris.

Great Britain's ratified copy of the peace treaty as indicated by the foreword, is likely to be in the hands of King George the first of the ratifications by any of the great powers to be deposited there.

Advices from Rome have announced the ratification of the treaty by King Victor Emmanuel. It is expected that the Italian ratification has not reached the French capital there being some question as to whether the king's act still lacking the sanction of the parliament, will be considered a valid ratification. The action has been furthermore on treaty is still pending, ratifi-

tion by Franchethus being as incomplete.

WARSHIPS ARE READY FOR ACTION

Copenhagen, Oct. 10.—British and French warships in the harbor of Riga have cleared for action, according to a dispatch from Riga to the Lettish Information Bureau, on account of the attack of German troops under the command of General von Der Goltz on the Lettish army defending Riga.

ARMY TAKES OVER WELFARE WORK AT GRANT

St. Petersburg, Oct. 10.—

Camp Grant, Ill., Sept. 10.—The control of Camp Grant welfare work is to be taken over by the state, it was announced today. The welfare organizations recognize their work two weeks ago today. Nearly a hundred Italian workers will return to Italian life.

WOULD NOT BE IDLE

If the U. S. should take a mandatory in Armenia certainly an army of considerable size must be maintained. Report has it that the Turks have mobilized an army of 300,000 and the doesn't look like a peace movement. Soldiers in Armenia will have something to do.

Ten Methodist churches are to be built in Chicago from part of the funds raised in the great Centenary drive. Bishop Nicholson in announcing this plan well declared that it is just as serious a task to see that the money raised thru this fund is judiciously expended as it was to raise the money.

Samuel Gompers has suggested that there should be immediate arbitration of the steel strike. The general public without knowledge as to how such a board should properly be constituted, will approve the arbitration idea. When the representatives of capital and labor are willing to arbitrate their differences in a fair way the outcome is hopeful. The suggestion from the source it came sounds conciliatory.

GERMANY NOT IDLE

While the debate on the peace league continues in the U. S. and while industrial unrest is occupying attention here and in Great Britain, it can be put down for a certainty that the people in Germany are at work. When the time comes that world-wide distribution of German products is possible there will be supplies to ship, all right. They may be faulty in statesmanship in Germany but industrially and commercially they know what they are about.

He Did Not Wait

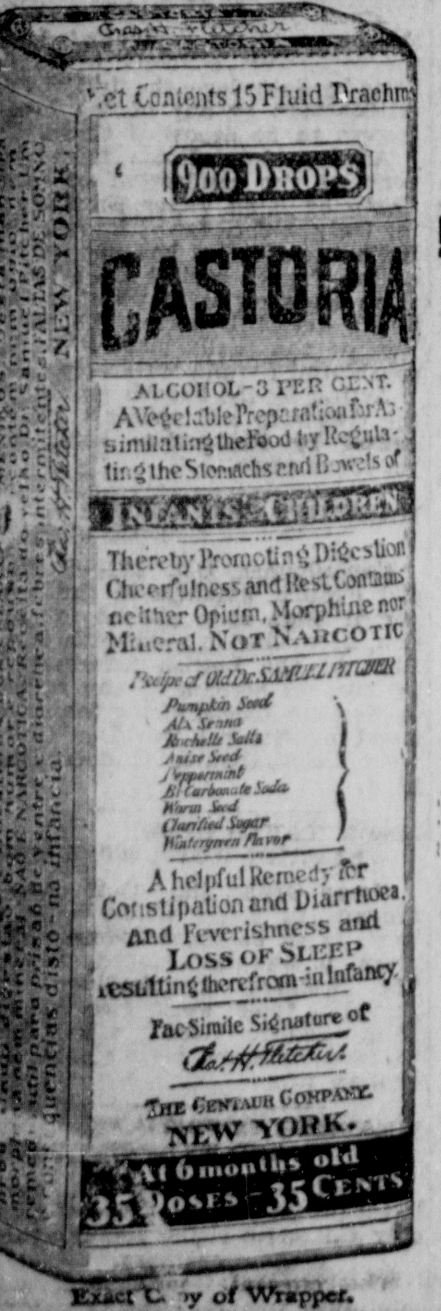

MR. FARMER, the most successful man of the day, but when in need of any supplies for his farms, came in to the store of P. W. FOX, where he always secured the best that money can buy. He was successful, it paid him. It will pay you likewise to look over our complete line of Rock Island Plows and Discs, New Smith Wagons, Decatur Fence, Storm Buggies, Pumps, Tanks, Troughs, Wagon Beds, Scoop Boards, Seeds, Etc., before buying.

Our prices are right for the quality of goods. You are always welcome here. Come in.

The American Institute of Bankers has given its hearty approval of advertising by banks and financial concerns. A few years' trial has proven to the financial men the increases in business which come from judicious advertising. The time was when the banker was afraid of advertising as not being ethical. The bankers were classed with the doctors and lawyers in this regard, but times have changed and now advertising is recognized as an entirely legitimate method for the bankers to use in increasing their business.

THE JEWISH RELIEF DRIVE

The drive for the Jewish relief fund is to be put on in Morgan county just as it will be in all the other counties of the state. An allotment of \$300,000 has been given to Illinois, one-half to be raised in Chicago and one-half in the remainder of the state. Verified statistics are at hand to show that thousands upon thousands of Jews are starving to death in Germany, Russia, Poland and Roumania. The Jews of the U. S. co-operated most generously in all the war time drives and campaigns. They are entitled to liberal assistance now as they seek this special fund for the benefit of their perishing brethren in the countries of Europe.

THE ADVANTAGE OF COMPETITION

One thing that indicates improved railroad service is the fact that the railroad organizations are now making preparation in anticipation of taking over their respective properties January 1. Under government control for instance, the solicitation of business was not permitted.

There was no competition in service and inevitably came a certain laxity. Now that the roads are to again come under private management the officers of each system are preparing to re-employ the special men in freight and passenger departments. A certain amount of competition will result and just as "competition is the life of trade" so it is the life of both courtesy and efficiency in railroad service.

WILL REALLY BENEFIT SOLDIERS

Of all the plans talked about in the different states for showing appreciation to returned service men, certainly nothing surpasses the Wisconsin plan. By act of legislature there it is proposed that any soldier of the war who feels the need of further education may enroll as a student and that in addition to the real tuition he will be given an allowance of \$60 a month by the state.

This is expected to apply especially to vocational training. Certainly the Wisconsin plan offers to returned soldiers something of permanent benefit. A mere money bonus or the deeding of land at a low price might be only temporarily beneficial, but the value of educational training will certainly continue thru all the rest of their days.

DR. HOPKINS' GREAT WORK

The death of Dr. Hopkins, head of the school of agronomy of Illinois at the hospital of Gibraltar means a real loss to agriculture. He was the author of the so-called "Illinois plan of agriculture" which purposes to preserve the fertility of the soils of this state and in cases where that fertility has been dissipated to restore it.

The system of experimental farms was built up under his direction and Dr. Hopkins' contribution to the agricultural welfare of this state has been large and beneficial. The work he did overseas was patriotic and he sacrificed his life in the great cause just as certainly as did the officers and men who died in the battles of the war front.

Dr. Hopkins' work here at home and that he did abroad for the building up of agriculture will constitute a most enduring monument.

THE TELEPHONE AS A BUSINESS BAROMETER

General business is showing a marked improvement over a month ago in practically every section of Illinois. This fact is shown by the "telephone barometer," the surest means yet found of checking the rise and fall in business activity.

So closely is business activity interwoven with the use of the telephone that any change can be immediately measured by the rise or fall in the number of calls. Just now there is a well defined inclination towards a "pick up," according to reports of telephone managers thruout the state to the Illinois Committee on Public Utility Information. Not only are calls on the increase, this applying to both commercial and industrial business, but demands for telephone service are largely increasing, meaning heavy demands on the companies' capital for new equipment. This is taken as indicative that general business is confident and the late fall and winter will see greatly increased activity, inasmuch as any extraordinary demand for additional service usually precedes a business boom.

The extent to which the intricate business barometer, represented by the telephone system, is in touch with activities, is shown in the fact that there are more than 11,000,000 "indicator attachments," that being the number of telephone stations in the country. In addition there are the long distance and toll lines, weaving a great network over the country, representing tremendous investment, and faithfully hour by hour recording the trend of business. This "pulse" of the nation's business in Chicago alone consists of 527,000 telephones, or one for every five men, women and children in the city.

Rippling Rhythms
By Walt Mason

The Sure Cure.

Some grand old truths are everlasting; one is that industry is good; amid the yawning and dozing, remember that, and saw your wood. Too many talkers spring their wheezes, too many make the welkin ring; and as a cure for our diseases work is the sane and proper thing. Too many orators are climbing on stumps and kegs to show their curves; and even as I do this rhyming a braying windmill jars my nerves. The puzzling knots we will unravel, and get things going right once more, when we quit pawing up the gravel and get down to the useful chore. There's nothing like some honest sweating to drive the fancies from our brains, and help us to the prompt forgetting of all our penalties and pains. When I am idle I start brooding, and I have nightmares, vain, deluding, and I see snakes and kangaroos. But I am cheerful when I'm busy. I sing sweet songs in dulcet tones; the Russian stuff seems punk and dizzy to one who's earning honest bones. And when we all get down to toiling said Russian stuff will see a slump; and fervid language will be spoiling, with other rubbish, at the dump.

LITERBERRY CHURCH SUPPER IS PLANNED

Clio Circle Meets Yesterday at Home of Mrs. W. W. Young—Annual Supper Will be Served November 6.

Literberry, Oct. 10.—The regular meeting of the Clio Circle of the Literberry Christian church was held this afternoon at the home of Mrs. W. W. Young. Mrs. J. W. Young assisted in entertaining the society. Despite the inclement weather there were about fifteen members present and a very enjoyable and profitable afternoon was spent. The program included readings by Mrs. Clyde Lewis, Miss Georgia Lister, and Miss Lora Petefish. Following the various numbers on the program the members present discussed plans for the annual supper to be given by the Clio Circle. This event will be given in the basement of the church Thursday, Nov. 6, and will be served cafeteria style. Practically all arrangements for the affair were definitely settled upon at the meeting this afternoon. No special committees were appointed, each member sharing the responsibility of making the annual supper its usual success. The menu will include meat, loaf, gravy, vegetable salad, pickles, sweet potatoes, mashed potatoes, coffee, etc. At the close of the business meeting the hostesses served refreshments.

MORGAN COUNTY FARM TOPICS

Such changes have come in the livestock market that farmers have sold during the past week hogs at \$14 a hundred. By comparison with the prices of a few months ago, \$14 sounds ruinous to the average farmer and stockman. It is low, too, when other prices are considered, for there has not been as great a percentage of drop for grain that there has been in the case of livestock. However, most farmers are inclined to be patient in the matter and believe that it will not be long before lower prices prevail for those commodities which they must buy and which enter into not only the cost of living but also into the cost of farm operation.

While a good deal of wheat in Morgan county was planted ten days ago and the fields are now showing green, there are other fields still waiting for wheat. The recommendation of the state university was to plant wheat this year not earlier than the last of September because of the Hessian fly menace. There are few farmers who have not heeded this advice and many of them have preferred to take an even later date for the wheat sowing.

Experience has shown that in years when the Hessian fly is about that the crop has much better chance of maturing without Hessian fly damage if planted late. When there is early planting and the wheat makes a considerable growth the blades furnish fine protection for the fly and the consequent damage is great. It is an established fact that late sown wheat is much more likely to escape the Hessian fly ravages than it true of that which is planted early.

Altho the acreage of what is not nearly so great as was planted last year when the guaranteed price gave impetus, the acreage is larger than has normally been true. Most farmers believe that the wheat price is likely to be satisfactory next year and many of them made this crop in their rotation plan.

The season has been especially favorable for alfalfa and practically every field in Morgan county has been cut four times. In many fields the plants now look as if they would stand another cutting, but men of experience in alfalfa growing know that this would not pay unless the succeeding weather is very mild. The chances are that if alfalfa is cut again at this late date that the plants will not be in condition to withstand the freezing weather that may naturally be expected in the coming months.

A considerable part of the corn in this county is now in the shock, as many farmers drilled wheat into the corn fields. The demand for corn has been just about equal to the supply and the prices for the work ranged about the same as last year, from 30 to 40 cents per shock, according to conditions.

The first known sale of the new crop of corn was made the past week when a local commission house bought a carload from a Morgan county farmer at \$1.15 per bushel. This corn is required to grade No. 1, while the price is not as high as some farmers had been expecting, \$1.15 for No. 4 corn in December is an excellent figure. The corn will be heavy at that time and there should be no trouble at all in grading.

MEDICAL SOCIETY

GAVE BANQUET

The Morgan Medical society gave a banquet at Central Christian church Thursday evening in honor of the members who were in service during the war. There was a large attendance and the following made brief talks: Drs. Black, Wolman, Hardesty, Milligan, Weirich, King, Funson, MacIn, Spencer. The remarks were heard with close attention and proved most interesting.

Brooklyn Ladies Aid Held Meeting.

The regular meeting of the Ladies Aid Society of Brooklyn church was held Thursday afternoon. The following officers were elected:

President—Mrs. Roy Magill.

Vice president—Mrs. Mattie Bossarte.

Secretary—Mrs. Stella Clement.

Treasurer—Mrs. Eva Potter.

There was a large attendance and plans for the coming year were made. It was voted to hold the annual chicken pie supper on December 11th.

Watchekee Camp Fire Girls Held Meeting.

The regular meeting of the Watchekee Camp Fire Girls was held in the Watchekee wigwam Friday afternoon. A number of songs were practiced and bandaging was demonstrated by Miss Maude Ryman, public school nurse, the girls being engaged in the study of first aid. They feel very grateful to the nurses for their help. A peanut hunt was then enjoyed followed by a peanut counting game. The next meeting will be held Friday, October 17.

Bridge Parties in Honor of Miss Ruth Hackett.

A number of delightful social events have taken place this week in honor of Miss Ruth Hackett, whose marriage will occur in the near future. Friday afternoon Miss Lura and Marie Wiswell entertained at a bridge party at their home, 842 West North street, in Miss Hackett's honor. All the appointments for the affair were such that it was a very pleasant occasion for the young people present.

Thursday afternoon Miss Gertrude Ayers gave a bridge party, the guests being the more intimate friends of Miss Hackett. A similar party was given Wednesday afternoon by Miss Eleanor Masters at her home in South Jacksonville.

Missionary Society Meets with Mrs. Burnett.

The Missionary society of the Union Baptist church met Wednesday with Mrs. Everette Burnett near Waverly in an all day meeting and a good attendance.

At noon an elegant dinner was served from which about \$5.00 was realized. At 2 o'clock a short business session was held, after which a program was given.

Mrs. Mary Wood gave the story of Sarah from the Bible. Mrs. Carrie Crum gave a splendid paper on what might be done to Americanize the alien in the larger cities of Illinois.

Mrs. Burnett gave a review of one of the books of the reading circle, followed by other members.

A short reading was given by Mrs. Minnie Curry which was very good. The meeting adjourned to meet with Mrs. Henry Mosley Nov. 5.

Mr. and Mrs. Carl West Give Dance for Mr. and Mrs. Lloyd Lukeman.

Thursday night Mr. and Mrs. Carl West, residing in the vicinity of Antioch church, gave a dance in honor of Mr. and Mrs. Lloyd Lukeman, formerly of this vicinity but here from Kansas City. They motored to their old home where they have many friends and relatives and Mr. Lukeman's parents, Mr. and Mrs. J. T. Lukeman of Pisgah.

A large platform was erected under an ample tent and the hours were merrily tripped away by the people numbering nearly three hundred. The interior of the canvas was profusely decorated in national colors and all was as merry as a marriage bell. There was a six piece orchestra furnished by Powers & Carroll and the amusement was kept up till three in the morning when the merry-makers dispersed in time to reach home before the rain fell.

Delicious refreshments were a feature of the occasion and nothing was wanting to complete the pleasure of the evening.

FOUR KILLED IN EXPLOSION

Philadelphia, Oct. 10.—An explosion of oil occurred early today on the United States merchant marine tanker Chestnut Hill on the Delaware river here. Four workmen were killed and 12 others were burned.

Deaths

Bowyer.

Mrs. E. J. Bowyer, a former resident of the Pisgah neighborhood died at her home in Peoria at 12 o'clock Thursday night. Death resulted from a complication of diseases.

Deceased was the daughter of Jerry Spainhower and was born in the Pisgah neighborhood in August, 1851. She was united in marriage to E. J. Bowyer who preceded her in death.

There survive the following children: William, Joseph, Lanne and George of Peoria and Mary of Ohio. She also leaves three brothers and one sister, John Spainhower and Riley Spainhower, Pisgah, James Spainhower Woodson and Mrs. Martha Hall, Jacksonville.

Mrs. Bowyer was a member of Sulphur Springs Baptist church and was a woman highly respected by all who knew her.

The remains were brought to this city and taken to the undertaking parlors of W. W. Gillham. Funeral services will be held from Union church Sunday afternoon

at 2 o'clock in charge of the Rev. A. J. Conlee with burial in Union cemetery.

ERROR IN ITEM ABOUT HILLS SALE

In a recent account of the sale

given at the home of Mrs. Albert Hills a mile south of Lynnville, it was stated that Mrs. Hills has sold her farm. This was in error, as Mrs. Hills has sold the personal property on the farm but retains possession of the land.

Itching, Scratching, Skin Diseases That Burn Like Flames of Fire

Here is a Sensible Treatment That Gets Prompt Results

For real, downright, harrassing discomfort, very few disorders can approach so-called skin diseases, such as eczema, tetter, boils, eruptions, scaly irritations and similar skin troubles, notwith standing the lavish use of salves, lotions, washes, and other treatment applied externally to the irritated parts.

No one ever heard of a person being afflicted with any form of skin disease whose blood was in good condition. Therefore, it is but logical to conclude that the proper method of treatment for pimples, blotches, sores, boils,

rough, red and scaly skin, is to purify the blood and remove the tiny germs of pollution that break through and manifest their presence on the surface of the skin.

People in all parts of the country have written us how they were completely rid of every trace of these disorders by the use of S. S. S., the matchless, purely vegetable, blood purifier. S. S. S. goes direct to the center of the blood supply, and purifies and cleanses it of every vestige of foreign matter, giving a clear and ruddy complexion that indicates perfect health. Write today for free medical advice regarding your case. Address Swift Specific Co., 443 Swift Laboratory, Atlanta, Ga.

DEBATE DRAWS LARGE CROWD LAST NIGHT

Discussion of League of Nations Covenant Heard With Interest By Audience Which Fills Court Room to Overflowing.

An audience that filled the seats and aisles of the circuit court room gathered last night to hear the arguments of Messrs. James H. Danskin for the proposed League of Nations and William N. Hairgrove against. Both gentlemen put up strong arguments and both are entitled to the credit of abstaining from personal attacks. It must be admitted that Mr. Hairgrove seemed to have the audience with him more than did Mr. Danskin and on the other hand the friends of the treaty have no cause to be dissatisfied with the effort of their champion. As the speeches occupied three hours it is of no use to make even an attempt to reproduce them. It is also fair to say that the audience paid good attention, behaved admirably and few left the hall when, at the end of two and a half hours Mr. Hairgrove finished and Mr. Dans-

kin began his half hour of rebuttal.

Mr. Danskin.

Mr. Danskin said in brief: "The proposed treaty is a document that stands for itself and should be regarded without partisanship. Before the great world war there was the evil of the balance of power and each nation sought to outdo the others in the size of its armies and navy. The world was ruled by force and the weaker ones were pushed to the wall. Armenians were ruthlessly slaughtered, the unspeakable Turk ruled a large part of the earth and his atrocities were intolerable. Last year Senator Lodge and others spoke in favor of something of the kind proposed by the league of nations, but now they have gone back on their words. There is nothing in the proposed league to compel the United States to do anything against its will. It is a document to prevent war; to uphold the weaker nations; to establish democracy and make the world safe for it; to reduce the oppressive armaments and establish peace; to seek to be a difference between two nations they are to try to settle it in every peaceable way possible and if either side refuses then it is to be shunned, avoided and all communication is to cease and no nation would be brave enough to incur such a condition as that. There is nothing in the treaty which will involve this country in war, but the very object of the treaty is to avoid a conflict. Much has been said about the theft of Shantung by Japan from China and nothing particular was said about that. No nation can stand for itself alone. The world is now such that we are inevitably drawn together and we must do our part in preserving the peace and promoting good will."

Mr. Hairgrove.

"It is idle to call this a league nations when so many are left out. China, Russia, Germany, Austria, Bulgaria and other peoples are not in it. Germany stole Shantung from China and Japan took it from Germany. China wants it back but Wilson says 'keep it till you are ready to return it' and he knows Japan is the rat government of the orient. She has never kept her word in anything and never will. She and England have a secret treaty, and will do as they like with China."

"Japan gets the mines and other valuable concessions in Shantung and doesn't say when she will give them back. Why? Even in Japan they have to have

A TEXAS WONDER

bankers of other nations as the Japs won't even trust their own people to run the financial institutions. Italy didn't go into the war on the side of the Allies till she thought it to her advantage, for Austria couldn't give her what she wanted without taking her own territory. (Here the gentleman read copiously from Washington's farewell address in which the father of his country warned against entangling alliances.) Now, in spite of that solemn warning, the league of nations would place us in partnership with Honduras, Haiti, Liberia, Panama and other inferior people and put us on their level. They would be able to control the council and we should be at their mercy. Every one of the big nations in the council at Paris have been land grabbers and have exploited nations. Can we expect them to be any different now? Wilson vastly exceeded his power when he went abroad as he did. He and his wife got a lot of presents and he passed off as a big man. He puts the treaty and league together and says we must take both. The U. S. has simply been humiliated. I believe in sticking to the Declaration of Independence and the Constitution."

Mr. Danskin.

"Much of the opposition to the league is to secure Irish votes. We could help Ireland better in the league than out of it. The U. S. loses absolutely no rights. The work of the league is advisory and all talk of departing from Washington's advice is folly. The great fact remains that 'here is a mission for the stronger nations of the world to perform. If the league fails how would one of the soldiers in the late war feel on going to Europe and seeing the weaker nations crushed into the earth as they would be without its aid. The other half of the Armenians would be slaughtered and Serbia, Poland, Rumania, and other smaller nations with now a show for autonomy would be crushed. 'Then there is the element of self-defense. Let things drift and Germany will get possession of Russia and an alliance with Japan will most naturally follow and then there would be such a war as would make even the last small and insignificant. This is an argument which cannot be gainsaid."

MUST CURTAIL USE OF SWEETS

NEW YORK, Oct. 10.—Increased use of sugar in candy, soft drinks, ice cream and other luxuries in the United States during the first nine months of 1919, it was announced here today by the United States sugar equalization board, means that such overindulgence in sweets "must now be curtailed in some sections of the east for the next three months."

George A. Zabriske, president of the board in a statement to the press declared that although the talk of "shortage" persists it was a fact that from last January to September, inclusive 500,000 tons or 18 per cent more sugar had been delivered to American consumers than in the same period of 1918. The normal increase in consumption for the period named, he said, would have been four per cent.

The west should secure immediate relief from the harvesting of an average beet crop, the statement said, which will be in full swing within a week. The east is dependent, however, it was said, on the old Cuban supply and "conservation" therefore would have to be practiced for a time in this section of the country.

INVALID OF MANY YEARS DIES

Miss Mary Grady Passed Away at Her Home on South Main St.

Friday evening at 6:45 o'clock Miss Mary Grady passed away at 607 South Main street, after a lingering illness of seven years. She was born three miles west of Manchester, Scott County, Aug. 13, 1860, the daughter of Edmond and Mary Grady.

She spent her entire life in or near the place of her birth with the exception of the last two years which was spent at the above named home.

Though a sufferer and invalid for a number of years, she bore her affliction with a fortitude and gentleness that was remarkable. She was of a quiet disposition, a lover of children and delighted to have them with her and minister to their wants when her health permitted.

Her father, mother and one sister preceded her in death and she is survived by six sisters, namely: Miss Margaret of Jacksonville, Sister Carmelia, of St. Xavier's College, Chicago; Angela, wife of Joseph Metzger, Springfield; Emma, wife of M. P. Maloney, Carrollton; Marie C., widow of W. H. Mason, Jacksonville; Loretto, wife of T. E. McCarty, Murrayville. Also a number of nieces and nephews.

She was a practical Catholic, a member of the Church of Our Savior at which place funeral services will be held, the time to be announced later. Interment will be in St. Bartholomew cemetery at Murrayville. Please omit flowers.

MAYNARD AND SMITH LEADING IN AIR RACE

(Continued from Page One.) who drove his machine, No. 62, against Elk Mountain, Wyoming, in a driving storm, was reported today by army officials. He died a short time after being taken to a ranch house. His observer, William Goldsborough altho injured, walked several miles thru the storm to get aid. The third day of air racing was one of adverse weather possibly the worst since the start on Wednesday morning. Rain flooded landing fields at Chicago and Bryan, Ohio, making landings and take offs difficult at other middle states points.

Clearing weather prevailed in the mountain regions, with the subsistence of the snowstorms of yesterday but cold followed with discomfort for the fliers. In the far west the weather was clear. Strong winds were blowing in some sections, especially in the mountain territory and against the westbound fliers.

The fatal accident at Buffalo, eliminated plane No. 24 and Major Sneed. It was announced today that Lieutenant Roberts, whose machine, No. 34, fell into Lake Erie yesterday and sank, would not be permitted to re-enter the race with another machine. Lieutenant Wales' death ended the race for him and his lane No. 63. An official report to Rawlins, Wyo., today said Lieutenant Spencer Hall's machine, No. 55, was down near Bitter Creek, damaged and out of the race. Reports from Salt Lake were that two other machines, unidentified, were out of the contest, one west of Green River and the other at Carter, Wyo.

A broken propeller held Cadet L. Cardiff's Kokker, No. 64, at Salduro, Utah, today. Lieutenant D. B. Cish, No. 10, was forced down at Ithaca, N. Y., and made temporary repair of a broken oil lead and made Rochester, N. Y., where he was held thruout the day.

NO PROGRESS IN WAGE CONFERENCE

PHILADELPHIA, Oct. 10.—No material progress was made today at the first session here of the joint wage conference of the central competitive coal field, embracing Ohio, Indiana, Illinois and Western Pennsylvania. The deadlock, which was reported when the conference adjourned at Buffalo last week to reconvene here apparently remained unbroken.

At the conclusion of the day's session, Ellis Seales, spokesman for the miners, and Thomas Brister of Illinois, representing the operators, declared that the conference had not "cleared the atmosphere at all."

Mr. Brewster said the operators have not receded one inch from the stand they took at Buffalo, which was that the federal contract shall remain in force until April 1, 1920, "unless some other demands can be substituted by the miners than have yet appeared."

Representatives of the mine workers contend that they have fulfilled their side of the contract that the war is over and that for all practical purposes the federal "contract" has come to an end.

JERSEY CATTLE BRING RECORD SUM

Chicago, Oct. 10.—Forty selected Jersey cattle sold for \$58,125 at the National Dairy Show today. Poet's White Heart, a famous winner of many grand champion blue ribbons, was bought by Dr. C. H. Harris of Fort Worth, Tex., for \$5,100. The animal was consigned to the show by R. A. Long of Lees Summit, Mo. The top price for a cow of \$3,500 was paid by the Hoot Farm of Lowell, Mass., for Sophie's Emily.

NINE PERSONS INJURED

Denver, Colo., Oct. 10.—Nine persons were injured today, several seriously, when two motor fire trucks crashed a street intersection in responding to an alarm. Miss Neva Holmes of Kewanee, Ill., sustained internal injuries that may prove fatal. Mr. and Mrs. M. E. Holmes, also of Kewanee, Ill., were fatally bruised and cut. Mr. and Mrs. Holmes and their daughter were standing at the curb when the trucks crashed directly in front of them.

M'GREGOR THE GREAT WINS FEATURE EVENT

Takes Race from Mariondale in Straight Heats—Prince Loece Takes Transylvania Stakes.

Lexington, Ky., Oct. 10.—The stakes event today was the Ashland, in which the star trotter of the season, McGregor the Great, met his only rival, Mariondale, which has beaten him in his only defeats. The son of Peter the Great, however, won in straight heats. The sensation from a time standpoint came in the 2:05 class for pacers, in which Sanard breezed the first mile in 2:01 3/4, over a slow track and came back in the second fairly jogging at the wire in 2:02 3/4. Prince Loece, winner of the Transylvania stakes was beaten in the first heat of the 2:05 class trotting by Royal Mac after the pair had come thru the stretch in 29 1/2 seconds, and was again overcome in the second in the remarkable time of 2:04 1/4 in a rainstorm. Seven races were finished and the program completed.

The summary: 2:09 class, pacing; purse \$1,000: Louie Grattan (Fleming) . . . 1 1 Betty Blacklock (Walker) . . . 3 2 Irish Voter (Noble) . . . 2 3

Time 2:04 3/4, 2:06 1/4. The Ashland stakes, first division trotting; purse \$2,000: McGregor the Great (Cox) 1 1 1 Mariondale (Murphy) . . . 2 2 2 Gay Todd (Goddard) . . . 4 3 3

Time 2:07 3/4, 2:06 1/4, 2:09 3/4. The Ashland stakes, second division trotting; purse \$2,000: Edith Carter (Ward) . . . 1 1 1 Nedda (Fleming) . . . 2 2 2 Harvest Tide (McDonald) 3 3 4

Time 2:11, 2:07 3/4, 2:11 1/4. 2:17 class, trotting; \$1,000: General Burlew (Ray) . . . 1 2 1 Zomidotte (McDonald) . . . 4 1 2 Kentucky Lee (Snyder) . . . 6 3 3

Time 2:11 1/2, 2:09 1/4, 2:11 1/4. 3:03 class, pacing; purse \$1,000: Sanard (Cox) . . . 1 1 1 Adario Guy (Hodson) . . . 2 2 2 South Bend Girl (Valentine) 4 3 3

Time 2:01 3/4, 2:02 3/4. The year old trotters; purse \$1,000: Kentucky June (Fleming) . . . 1 1 1 Bettie Arnold Watts (Traynor) 2 2 2 Little Lee (McDonald) . . . 4 2 2

Time 2:12 1/2, 2:11 1/4. 2:05 class trotting; purse \$1,500: Royal Mac (Murphy) . . . 1 1 1 Prince Loece (McDevitt) . . . 2 2 2 Heir Reaper (Geers) . . . 3 3 3

Time 2:09 3/4, 2:04 3/4. SPORTING EYES TURN TO FOOTBALL

Chicago, Oct. 10.—Altho the Purdue-Illinois game scheduled for LaFayette, Ind., tomorrow will command the interest of western football fans, unusual interest is being taken in the 1919 debut of the Chicago and Northwestern eleven. Chicago, represented by a team of unknown possibilities will meet the Great Lakes Naval Training station team, while Northwestern, figured as a "dark horse" in the western conference race, will play DePaul at Evanston.

The battle between Illinois and Purdue will be the first clash of the season between two western conference eleven. The Illinois eleven is the more experienced and is expected to win handily. Wisconsin will go into action for the second time this season, meeting Marquette at Madison, Ohio State, favored by many critics to win the conference championship, will take on Cincinnati at Columbus, Notre Dame will be opposed by Mount Union at Notre Dame.

VANQUISHED SOX DEPART FOR HOMES

Chicago, Oct. 10.—Members of the White Sox baseball team, vanquished in the world's series, departed for their homes tonight without waiting to receive their checks from their share of the series' prize. The checks will be mailed them by the national baseball commission.

Even tho they lost the championship the players were well satisfied with their prospects of the big series. The total for the White Sox was \$78,104.70 and each player—splitting the pot twenty-four ways as agreed—will receive \$3,254.36.

Pitchers James and Loudermilk, who came to the club this season, will receive full shares.

The players received their last salary checks from President Comiskey today.

Matrimonial

Jones-Smith. Horace Jones and Miss Pearl Smith, both of Meredosia, were united in marriage at the court house Friday morning by Judge H. P. Samuell. They were accompanied by Mrs. Earl Adams, E. T. Hudson and Miss Helen Morris were witnesses.

The groom is the son of Mr. and Mrs. Edward Jones of Franklin, but is now a resident of Meredosia. The bride is the daughter of Mr. and Mrs. William Smith of Meredosia. They will make their home in Meredosia, where the groom is employed in a button factory.

PROTEST AGAINST AMERICAN FLYERS

Washington, Oct. 10.—Mexican Ambassador Bonillas, who is returning to Washington after a conference with President Carranza at Venegas, will present protests to the state department against American aviators flying over Mexican territory. It was reported unofficially today in Washington.

The protests which Ambassador Bonillas is believed to be based on charges made by Luis Cabrera, secretary of the Mexican treasury that American army aviators have established a base near San Quentin, Cal. Cabrera made charges made by Cabrera recently in an official bulletin are said to have caused considerable of a sensation in Mexico City.

THE OBSERVATORY

Congress seems surprised to learn that American naval forces in the Adriatic are acting under orders from the British admiralty. But if Congress wants to know what a real surprise is just let it wait until the League of Nations is really got going.

The reason some country editors near go on strike, is the fear that the devil might take the office—and get out a better sheet.

The Republican St. Louis Globe-Democrat and the Democratic St. Louis Republic have paralleled in Butler, Mo., where the Republican Press, the only Republican newspaper in Bates county, is edited by Sam W. Davis a Democrat, while the Daily Democrat there is edited by a Republican.

The report that the women will take entire charge of the elections, acting as judges and clerks, so the men may attend to their business, was a surprise to the Moberly Democrat, which had never before heard of an election judge having any business.

In proposing to starve themselves to death the I. W. W. prisoners at Leavenworth have taken, for the first time, action in which they will receive a large and enthusiastic measure of public support.

A circus train bearing elephants drew a larger crowd at Sedalia, Mo., that did the train bearing President Wilson, from which some of the goose-bone political prophets predict an elephant victory in the next election.

If the Bolsheviks ever get the upper hand in America it will be a sad day for the manufacturers of bath-room fixtures.

Perhaps the reason we have not heard any goose bone weather predictions is because nobody can afford to cook a goose.

It may be a significant manifestation of democracy when Slim Sallee can crowd the King and Queen of Belgium off the first page, but remember, Slim was working and the King was not.

Have you noticed the matrimonial columns the last few days? There are still a few young people for whom the H. C. L. has no terror.

Of all the good times a woman has sweeping and kicking up a dust, the cleaning she enjoys most is that which she does on moving into another house just vacated by another woman. If there are only some old papers and rags to pick up, she makes the best of it; but where the woodwork has to be gone over and the floors scrubbed she is almost wild with joy. There is no way of putting down printed words to express the pleasure she gets out of saying, "I simply had to get down on my knees with a knife and scrape up dirt and grease that had dried on the floor." Of course, its hard work, but who thinks of that when there's a chance of finding a few fine big cock-roaches and maybe, a half-dozen delicious thousand-legged worms.

We have heard the daring prediction made that sometime the farmers will strike for a 12-hour day.

The Hutchinson Gazette has been elected to a membership in The Associated Press and announces the triumph in a scream, or headline.

The work of taking the census will start early in January, and as the enumerators will work mostly "by the piece" and regulate their own hours, nobody looks for them to organize and strike before the first week in February.

It is remarkable how many ex-

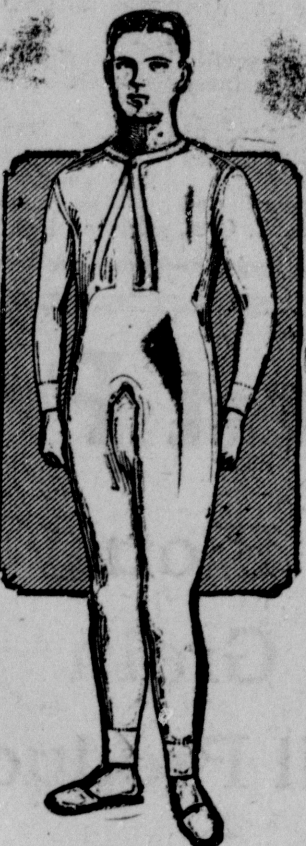

"TOO many cooks spoil the broth" is a saying that is as true as it is old. Applied to underwear, it means that too many buttons spoil the suit. In the

HATCH ONE BUTTON UNION SUIT

there is just one master button at the chest that does it all. With it you get the perfect fit and comfort you have sought so long.

With it, too, you save somebody's time and trouble in keeping in repair the nine or more buttons and button holes, for, even in the better made union suits, careless laundering or ordinary wear and tear have their effects.

We have this superior garment in weights, materials and prices to suit every temperament and purse.

COLORED MEN PLAN TO FORM LEGION

Decide Upon Meeting to be Next Tuesday Evening—Organization Will be Active

A meeting of several men of the city was held last night for the purpose of planning for the organization of a colored American Legion post for the American Legion post for colored men here. No organization effected at the meeting last night and it was agreed to next Tuesday evening in the floor room of the Clover Casualty offices on East street at which time the election of temporary officers was held. Among those attending the meeting last evening and are interested in the formation of an American Legion post for colored soldiers in Jacksonville were: Oliver B. Fyles, Claude H. Y. Robert Meadows, Russell G. W. A. Fisher, David Herman D. Spencer, Henry E. Nasby, Barney, Y. O. Weir, Ray Stewart, Zennie Ritchie, and Odore Wright.

C. W. Servoss of Savage S. was a city visitor yesterday.

NON-RESIDENT NOTICE. STATE OF ILLINOIS ss.

County of Morgan. In the Circuit Court thereof November Term, A. D. 1919. Ralph I. Dunlap, as succeeding trustee under the last will and testament of Hiram Kinnard Jones, Deceased, and The Trustees of Illinois College, a corporation, Complainants, against Mary E. Motley, George W. Duncan, Benjamin Duncan, Mary Calvert Strong, Charles A. Calvert, Vernon Thornhill and The Trustees of the Jacksonville Female Academy, a corporation, defendants; In Chancery.

Notice is hereby given that the complainants in the above entitled cause heretofore filed their bill in the Circuit Court of the County of Morgan, in the State of Illinois, on the chancery side thereof, against the defendants above named, and that summons issued out of the office of the clerk of said court against the above named defendants, returnable at the court house in the City of Jacksonville, in said Morgan County, Illinois, on the second Monday of November, A. D. 1919, and that said cause is still pending and undetermined in said court.

Dated this 11th day of October, A. D. 1919. C. W. BOSTON, Clerk of the Circuit Court of Morgan County, Illinois. Bellatti, Bellatti & Moriarty, Solicitors for Complainants.

Oats—Spot irregular; No. 1 white 82 1/2c.

BULLS IN CONTROL OF STOCK MARKET

NEW YORK, Oct. 10.—Bull pools were in undisputed control of today's stock market, the broadest and most active session in several weeks, their further operations in miscellaneous issues being well supported by extensive buying of representative steel, copper and railroads.

The demand for steel preceded the publication of United States Steel tonnage figures for September, which showed an increase of about 175,000 tons and seemed to have its basis in favorable reports from mill centers.

United States Steel made an extreme gain of two points to 112 1/2, its best price since the inception of the strike and affiliated shares, especially harvest, Sloss-Sheffield, Crucible and Republic, were two to five points higher. The same considerations probably accounted for the strength of steel and electrical equipments, where gains of two to seven points were made by General Electric, Westinghouse, Pressed Air, New York Airbrake and Baldwin locomotives.

Southern Pacific overshadowed the other rails, its rise of 3 1/2 points being accomplished by the heaviest transactions in many weeks. Other transportation, notably St. Paul common and preferred, Texas and Pacific and Reading gained 1 to 1 1/2 points.

All the prominent coppers were included in the inquiry for metals. Shipbuilders owed their irregular advance of the strength of Atlantic Gulf and United Fruit but tobacco and food issues manifested little of the recent activity.

Chandler led the motors gaining 35 points, kindred issues and their specialties rising 3 to 12 points. Mexican Petroleum led the oils at the new high of 25 1/2. Sales amounted to 1,675,000 shares.

Bonds excepting utilities, were steady to strong on diversified dealings. Total sales (par value) aggregated \$124,500,000. Old U. S. bonds unchanged on call.

KANSAS CITY LIVE STOCK Kansas City, Oct. 10.—Hogs—Receipts 3,000; higher; bulk \$14.75 @ \$15.60; heavy \$15.00 @ \$15.50; medium \$15.15 @ \$15.60; light \$14.75 @ \$15.60; light lights \$14.75 @ \$15.40; packing sows \$12.25 @ \$15.00; pigs \$13.00 @ \$15.30.

LESTER A. REED SELLS FINE HOGS

Disposes of Duroc Jerseys from Thorobred Herd—Sale Well Attended and Prices Good.

Lester A. Reed, the well known breeder of fine Duroc Jersey hogs, held a sale of boars and gilts at his farm southeast of the city Friday. Despite bad weather conditions there was a good gathering of buyers, a number of them coming from a distance.

Among those present were C. L. Batholomew of the Prairie Farmer and J. C. Everett of the Duroc Bulletin. The sale totaled over \$4,500 and the bidding was spirited.

L. L. Seeley of White Hall, C. M. Strawn of Alexandria and C. J. Wright of Murrayville were the auctioneers, and S. J. Camm and W. E. Barrows served as clerks. The ladies of Asbury church served lunch.

The Waverly band was present and furnished music during the day. The sale was held under a large tent and a ring had been prepared with banked sides and the arrangements were admirable in every way and Mr. Reed received many compliments for the manner in which he took care of his clients and handled the stock. The buyers and prices are given herewith. The number appearing before the name of the buyer is the catalog number.

ASBURY CHURCH NOTICE
The Sunday services have been rained out for three consecutive Sundays, but if the weather is at all favorable next Sunday we hope to see all the Christian soldiers, casuals as well as regulars, on the fringe line at church, 9:30 and Sunday school, 10:30 a. m.
G. W. Randle, pastor.

Ladies' Aid of Merritt will give an oyster and ice cream supper on Oct. 15th. The Merritt orchestra will furnish music.
CAPPS AUTO FOUND
The automobile of H. M. Capps which was reported as having been stolen from the residence of Dr. C. H. Ramey on Thursday evening was found Friday near the residence of Andrew Russell. It is probable that it was taken by someone as a prank, but such things may result seriously if the parties are caught.
I will not be responsible for any bills contracted by any one other than myself. C. D. Meade.
Mothers wanting BUSTER BROWN stockings for boys can find a full assortment at TOMLINSON'S.

INSURANCE MAN HERE
Thomas Henderson, agent for the Clover Leaf Casualty company in Galesburg, was calling at the home office Friday.

BOOSTS ENDOWMENT
President Joseph R. Harker of Illinois Woman's College has announced the receipt of a check for \$5,000 from a friend of the institution to apply on the endowment fund. It is said that the donor, a woman who made the college a gift of the same size last year, does not wish to have her name made public. This amount brings the operating endowment fund of the college up to \$225,000.

WILLIAM HELLENTHAL ATTEMPTS TO END LIFE
Took Carbolic Acid at Nichols Park Early Friday Morning—Physician Thinks He Will Recover.
While in a fit of despondency William Helleenthal, attempted to suicide early Friday morning by drinking carbolic acid.
He was found shortly afterward by his brother, Walter Helleenthal, and Dr. G. E. Baxter gave the necessary treatment. It is thought he will recover.
Helleenthal is the son of M. Helleenthal of this city and most of his life has been spent here. He is a painter by occupation and has recently been employed in Beardstown.

BOTH LOCAL FOOTBALL TEAMS WILL PLAY TODAY
Jacksonville High Plays at Home—Illinois Plays McKendree at Lebanon.
Both of the local football squads will be in action today. Jacksonville high will make her first appearance of the season at Illinois field with Palmyra high as an opponent.
The local Yads have lost two games this year, both on foreign fields. The games were lost by narrow margins and the boys showed some excellent football. While many of them are playing their first football they have been improving the past week and Coach Hufford believes the experience gained in the two games will be of great value today.
The Palmyra team has two victories to its credit, having defeated its opponents by big scores. However, they will find their work cut out for them today. The locals smarting under two defeats and with the home rosters to encourage them will fight hard to bring victory to the high school standard. It is announced there will be a shift in the line up for today's game. Play will be called at 2:30 o'clock.
Coach Harmon will take his Illinois warriors to Lebanon where they will hook up with the McKendree team. Not much is known of the McKendree bunch. They did not play football until a few years ago and then dropped it for a year.
Illinois men came thru the Lombard game in good shape aside from some soreness. Coach Harmon has been putting them thru the paces the past few days and the team is much better drilled in formations than was true in the Lombard game.
If Illinois puts up the brand of football today that she did against Lombard there is no question but that they will bring home the bacon tonight. Coach Harmon has not decided on his lineup but it probably will be the same as that which started against Lombard with a good string of men in reserve in case of injury.

COLUMBUS DAY
The Banks of this city will observe Monday, October 13th, as a holiday and will not be open for business on that day.
JACKSONVILLE CLEARING HOUSE ASSOCIATION
SEEK COURT ORDER
In the circuit court yesterday Bellatti, Bellatti & Moriarty filed a bill in the name of Ralph I. Dunlap, succeeding trustees, vs. trustees of Illinois College et al. Mr. Dunlap is the succeeding trustee under the will of Dr. Hiram Jones. It was provided in the will of Dr. Jones that after certain bequests had been satisfied that his estate should become a trust fund for educational purposes.
The trustee is now ready to make a final report and because of certain questions arising desires a construction of the will and an order that he may pay over the residue of the estate to the permanent endowment fund of Illinois College.
LOTS OF PICTURES
The advent of the kodak has created an industry which would have been deemed impossible years ago. The time was when all photographs negatives from which pictures were made had to be on glass which was of course cumbersome to carry about and difficult to handle. A man could take along a few plate holders and be prepared to make two or more negatives but that would be all.
L. K. Clendenon, at one time in a photograph gallery in the second story of the building now occupied by the Kresge 5 and 10 cent store and a fine artist and perfect gentleman, conceived the idea of preparing a ribbon like film to be used instead of the glass negative but he never tried to carry out the idea but it was done later and the thousands of Kodaks have followed.
Eastman was a bank clerk in Poughkeepsie, New York, and was among the first to bring out the kodak camera and now he is rated a multi-millionaire and the little kodak is made in all sorts of sizes and shapes and serves a thousand purposes.
There are two concerns in this place that make a specialty of developing and printing pictures and films—One is the Book and Novelty Shop and one at Long's pharmacy, and each makes well nigh seventy thousand kodak pictures a year for owners of these instruments. Some owners do their developing and printing themselves and the photograph galleries do not share too so it can be seen to what an extent the business has grown.

MISS BARRETTE BACK FROM LIBRARY MEETING
Local Librarian Attends Sessions of State Association Held at Peoria.
Friday afternoon Miss Barrette, librarian of the Public Library, returned from Peoria where she has been attending the twenty-third conference of the Illinois Library Association. The conference covered Tuesday, Wednesday and Thursday and the program was one of unusual interest. The sessions began promptly and after the first meeting community singing was introduced for the first half hour meeting. Miss Effie Landsen of Cairo who has visited in Jacksonville a number of times and has many friends here, led and the librarians and trustees responded enthusiastically to her spirited leadership.
Another innovation in the program was the book symposium. Miss Zana K. Miller of Chicago was listed as leader. When Miss Miller took the floor she disclaimed any credit for the delightful hour to follow. She said she had gone for help to Miss M. E. Ahern, editor of Public Libraries and that Miss Ahern had suggested Mr. Sell, literary editor of the Chicago Daily News to discuss his book review page. Miss Miller asked Miss Ahern to invite Mr. Sell to speak and he accepted on her invitation.
Mr. Sell began in a very facetious manner. He wished to know what books people asked for when they came into public libraries. Some one in the audience laughed and suggested the last book by Harold Bell Wright. Mr. Sell said he had never read one of Harold Bell Wright's stories but that author had recently invited him out to dinner and that he had told him that he'd never read one of his books and never intended to. The author paid for the dinner anyhow. In a droll fashion he told the audience how Harold Bell Wright wrote his novels. He said the author stuck up a bulletin board and then pinned points on it at random. Mr. Sell claimed that he just saved himself from saying ideas but that points was much better and more definite. Then he named these points, prudence, sensuality and the other virtues and vices. He drew a wavy line from point to point in a highly piggy wiggly style and gathered them up to a central point and turned the whole over to Mr. Reynolds who gave it to the printer. Mr. Sell seemed to feel very decidedly that such books were not worth reviewing. When he began on such books as White Shadows in the South Seas he was evidently much in earnest. Some one asked him if reviewers were honest and he said that of course no one was honest, but that he never consciously compromised on a review.
The county library bill which was passed at the last session of the legislature was discussed at several meetings. Miss Merrill of the Wisconsin library commission gave a very interesting talk and showed how the work was much broader than traveling libraries. The state can furnish traveling libraries but the county library can give library service and can meet the needs much more intimately, can take reference questions over the telephone, establish stations which the librarian can visit and go right out into the country with the book wagons.
In the exhibit room there were a number of excellent maps that were helpful to librarians in understanding the working out of the county library idea. There were helpful librarians in the exhibit. The Jacksonville Public Library furnished a small exhibit on getting books to the attention of the people who would be most likely to be interested in them.

F. J. WADDELL & CO.
COL CAPPS ILL BUT IMPROVING
Col. Edward Capps is now at his home in Princeton, according to a letter recently received by Major Carl E. Black. It was only recently that Col. Capps arrived in the U. S. after his services at the head of the Red Cross commission in Greece. His return home was delayed by six weeks' wait for a steamer. All the way home Col. Capps was ill with malaria and he has not yet recovered. On the trip over he was seriously sick with influenza and was in a hospital in Bordeaux. Jacksonville friends will hope for his early recovery.
VISITOR FROM DENVER
F. W. Carringer, treasurer of the Midland Savings & Loan Co., of Denver, Colo., enroute from a business trip thru the southwestern states to his home, was a visitor Friday at the home of E. A. Olds, 215 West College avenue. Mr. Carringer is a relative of Mr. Olds.
Mothers wanting BUSTER BROWN stockings for boys can find a full assortment at TOMLINSON'S.

MISS BARRETTE BACK FROM LIBRARY MEETING

Local Librarian Attends Sessions of State Association Held at Peoria.

Friday afternoon Miss Barrette, librarian of the Public Library, returned from Peoria where she has been attending the twenty-third conference of the Illinois Library Association. The conference covered Tuesday, Wednesday and Thursday and the program was one of unusual interest. The sessions began promptly and after the first meeting community singing was introduced for the first half hour meeting. Miss Effie Landsen of Cairo who has visited in Jacksonville a number of times and has many friends here, led and the librarians and trustees responded enthusiastically to her spirited leadership.

Another innovation in the program was the book symposium. Miss Zana K. Miller of Chicago was listed as leader. When Miss Miller took the floor she disclaimed any credit for the delightful hour to follow. She said she had gone for help to Miss M. E. Ahern, editor of Public Libraries and that Miss Ahern had suggested Mr. Sell, literary editor of the Chicago Daily News to discuss his book review page. Miss Miller asked Miss Ahern to invite Mr. Sell to speak and he accepted on her invitation.

Mr. Sell began in a very facetious manner. He wished to know what books people asked for when they came into public libraries. Some one in the audience laughed and suggested the last book by Harold Bell Wright. Mr. Sell said he had never read one of Harold Bell Wright's stories but that author had recently invited him out to dinner and that he had told him that he'd never read one of his books and never intended to. The author paid for the dinner anyhow. In a droll fashion he told the audience how Harold Bell Wright wrote his novels. He said the author stuck up a bulletin board and then pinned points on it at random. Mr. Sell claimed that he just saved himself from saying ideas but that points was much better and more definite. Then he named these points, prudence, sensuality and the other virtues and vices. He drew a wavy line from point to point in a highly piggy wiggly style and gathered them up to a central point and turned the whole over to Mr. Reynolds who gave it to the printer. Mr. Sell seemed to feel very decidedly that such books were not worth reviewing. When he began on such books as White Shadows in the South Seas he was evidently much in earnest. Some one asked him if reviewers were honest and he said that of course no one was honest, but that he never consciously compromised on a review.

The county library bill which was passed at the last session of the legislature was discussed at several meetings. Miss Merrill of the Wisconsin library commission gave a very interesting talk and showed how the work was much broader than traveling libraries. The state can furnish traveling libraries but the county library can give library service and can meet the needs much more intimately, can take reference questions over the telephone, establish stations which the librarian can visit and go right out into the country with the book wagons.
In the exhibit room there were a number of excellent maps that were helpful to librarians in understanding the working out of the county library idea. There were helpful librarians in the exhibit. The Jacksonville Public Library furnished a small exhibit on getting books to the attention of the people who would be most likely to be interested in them.

A NEW DEPARTMENT
In our daily wandering looking for news in going into the store of the C. C. Phelps Dry Goods Company we were invited to go up stairs on the balcony and were certainly surprised in finding that they had opened a new department with fine new mahogany fixtures both for the Art and Pattern departments, with new linoleum floor covering. All of the latest styles, all that is new in the way of art merchandise can be found in this section and much new material is on the way and will be found displayed in an artistic manner by Miss Maud Franz, who is an expert in this line of merchandise, having had a number of years experience. Miss Franz is in charge of this department and will be pleased to have all her friends call and be shown the great variety of handsome and popular priced merchandise usually found in an exclusive department of this kind. If she hasn't what you want she will make an effort to get it for you. Your time in looking through this new section will be well spent as this is the time to begin your Holiday shopping.
All that is new and attractive can be found here. This popular store has been redecorated in white on the main floor and shows up clean and airy and it will be found a pleasant and profitable place to trade.

WEST JACKSONVILLE CIRCUIT
Rev. E. L. Pletcher, district superintendent, will preach at Ebenezer Sunday morning at 11 o'clock and Sunday afternoon at 3 o'clock at Wesley chapel. The pastor, Rev. J. O. Kirkpatrick, is attending the sessions of the Rock River conference in Chicago.
